Project Name: CNT01275PUC3001

Form: Date of Visit

Generated On: 23 Jan 2025 01:28:46 (GMT)

**VISIT** **FACAT=DATE OF VISIT**

Did this visit occur? Yes ☐  
**FAOBJ=<VISIT>** **FAORRES when FATESTCD=OCCUR** No ☐

Subject's Status Continuing ☐  
Discontinuing Study ☐  
**FAORRES when FATESTCD=SCMPLSTS** Discontinuing Treatment ☐  
Continuing in Safety Follow-Up ☐  
Completed Study ☐

Visit Start Date **FADTC** **SVSTDTC, EGDTC....**

What is the reason for the unscheduled visit? **SVUPDES**

Type of Contact Site Visit ☐  
Electronic Contact ☐  
**FAORRES when FATESTCD=TYPVCON** Home Visit ☐  
Remote, Telephone Call ☐  
Remote, Video Call ☐

Reason this visit did not occur Adverse Event ☐  
Subject Traveling ☐  
**FAORRES when FATESTCD=REASVND** Fear of going to the site due to COVID-19 ☐  
Lack of transportation due to COVID-19 ☐  
Lockdown due to COVID-19 ☐  
Site closed or access restricted due to COVID-19 ☐  
Subject on quarantine due to potential exposure to COVID-19 ☐  
Other ☐

If 'Adverse Event,' select the primary corresponding AE log line, start date, and term **Linked to related AE record via RELREC**

If 'Other,' Specify **FASTRESC=OTHER** **FAORRES when FATESTCD=REASVND**

Age of Visit **[NOT SUBMITTED]**

**NOTE: VISIT should be populated from RAVE source data.**

## INFORMED CONSENT

What was the date of the signature on informed consent? **DSSTDTC when DSTERM, DSDECOD=INFORMED CONSENT OBTAINED**

## INFORMED ASSENT

What was the date of signature on informed assent? **DSSTDTC when DSTERM, DSDECOD=INFORMED ASSENT OBTAINED**

## PROTOCOL DATE

What is the protocol date the subject consented to at study start? **SPRTDTC in SUPPDS when IDVAR=DSSEQ**

## DEMOGRAPHICS

What is the subject's age? **AGE**Age unit **AGEU** Years ☐What is the sex of the subject? **SEX** Female ☐Male ☐What is the ethnicity of the subject? **ETHNIC** Hispanic or Latino ☐Not Hispanic or Latino ☐Not Reported ☐Unknown ☐

What is the race of the subject (Check all that apply)

American Indian or Alaska Native **RACEAIAN in SUPPDM when IDVAR=NULL**Asian **RACEA in SUPPDM when IDVAR=NULL**If Asian, specify **RACEC in SUPPDM when IDVAR=NULL** Japanese ☐**[NOT SUBMITTED]** Other Asian ☐Black or African American **RACEBA in SUPPDM when IDVAR=NULL**Native Hawaiian or other Pacific Islander **RACENHOP in SUPPDM when IDVAR=NULL**White **RACEW in SUPPDM when IDVAR=NULL**Not reported **RACE**Unknown **RACE**

If subject was re-screened, specify below:

Previous Subject ID **PSUBJID in SUPPDM when IDVAR=NULL**NOLOCK **[NOT SUBMITTED]** 1**RACE****NOTE:****When more than one selected, RACE=MULTIPLE and individual responses are RACEAIAN, RACEA, RACEC, RACEBA, RACENHOP, RACEW in SUPPDM**

**FA=Findings About Events or Interventions**

CNT01275PUC3001 Version 7.00 13JAN2025 RL: Unique

Project Name: CNT01275PUC3001

Form: Opioid Medication History

Generated On: 23 Jan 2025 01:28:46 (GMT)

Has the subject ever taken Opioids for Ulcerative Colitis **FAORRES when FATESTCD=OCCUR** Yes ☐  
**FAOBJ=TAKEN OPIOIDS FOR ULCERATIVE COLITIS** **FACAT=OPIOID MEDICATION** No ☐

If Yes:

What was the duration of treatment? Less than or equal to 1 year ☐  
**FATEST** Greater than 1 year and less than ☐  
**FAORRES when FATESTCD=DUR** or equal 2 years  
Greater than 2 years ☐  
Indicate the Ulcerative Colitis related reason. Pain ☐  
**FATEST** Diarrhea ☐  
**FAORRES when FATESTCD=REAS** Both Pain and Diarrhea ☐

CNTO1275PUC3001 Version 7.00 13JAN2025 RL: Unique

Project Name: CNTO1275PUC3001

Form: Periodic Investigator's EDC Review Signature - Retired

Generated On: 23 Jan 2025 01:28:46 (GMT)

As the investigator, I have ensured the accuracy, completeness, and timeliness of the data reported to the sponsor in the CRFs.

By entering my password, I attest that the data entries in this case book are complete, accurate, and compatible with source documents. All entries were made either by me or a person under my supervision who had signed the Site Signature Log. Pursuant to Section 11.100 of Title 21 of the Code of Federal Regulations, this is to certify that I intend that this electronic signature is to be the legally binding equivalent of my handwritten signature. To this I do attest by supplying my password.

Adverse event terms included in safety case

Date SAE case (CASEID) created in eDC

Time SAE case (CASEID) created in eDC

UTC Date SAE case (CASEID) created in eDC

UTC Time SAE case (CASEID) created in eDC

**Additional Information**

Please provide additional information relevant to the safety case (known as the narratives: Signs and Symptoms - Risk Factors - Investigations and Supporting Diagnostics - Differential Diagnosis - Course of events - Treatment/Response to Treatment - Suspected Causes - Other Comments). If a Product Quality Complaint is associated with the SAE, please complete TV-FRM-03237 Product Quality Complaint Form.

**Case Seriousness Roll-up**

Serious adverse event? Yes ☐  
No ☐

Was event a congenital anomaly or birth defect? Yes ☐  
No ☐

Did the event require hospitalization? Yes ☐  
No ☐

Did the event result in persistent or significant disability or incapacity? Yes ☐  
No ☐

Was the event life threatening? Yes ☐  
No ☐

Did the event result in death? Yes ☐  
No ☐

Was this an 'Other medically important condition?' Yes ☐  
No ☐

## IMPACT - III

**INSTRUCTIONS**

Below you will find a questionnaire containing 35 questions for children who have **inflammatory bowel disease (Crohn's disease or ulcerative colitis)**. The questions are about your life with inflammatory bowel disease. Some questions deal with, for example, pains you may suffer from, others are about feelings or worries you may have.

After each question you will see boxes above five possible answers. Please select **the box above the answer that best fits your answer**.

Please answer **all the questions!** If you do not understand a question, ask someone for help.

Good luck with filling in the questionnaire and....many thanks in advance for your efforts!

QSEVAL = STUDY SUBJECT

### Patient Instructions for Completing Mayo Diary Card

Complete the diary card for each day consecutively for 7 days prior to a visit.

At Screening, document the average normal number of stools you had in a 24-hour period when in remission from UC or prior to UC.

Record information about the number of stools you have had and the amount of blood you have in your stools each day for the entire 24-hour period.\*

If you have had a colonoscopy or a sigmoidoscopy; any medications to prepare for one of these procedures (including a clear liquid diet); or any medications for diarrhea, constipation or irregularity, please select the box on the applicable day.

Record the number of stools that you have had on each day.

\* Indicate the most severe category of rectal bleeding that describes the

c. Mild stomach pain - Still active but less than usual, holds stomach, seems less cheerful, may complain of stomach pain

d. Moderate stomach pain - Stops playing, eats less than usual, complains a lot of pain, lies down from time to time, may hold stomach but does not curl up and no obvious crying

e. Severe stomach pain - Holds stomach, freezes in place or curls up, may cry, lots of complaints of pain or may become quite and withdrawn, lies down often

6. Which of the following best describes your child's behaviours relating to weakness, since yesterday at this time (last 24 hours)? We are now asking about weakness related to colitis and not being tired from not sleeping enough.

My child behaves in a way that shows me that he/she is:

- a. Not weak- Acts, eats and plays normally, sleeping as usual, energetic, can do regular activities and everything he/she likes
- b. A little bit weak- Can do regular activities but gets tired quickly, sleeps more than usual, has less energy
- c. Weak- Stays at home all day, doesn't want to do even fun activities, sleeps much more than usual, has no energy

1. These questions ask about how you have been feeling because of your colitis since yesterday at this time (last 24 hours). **QSEVLINT = -PT24H**

2. It is best that you complete the TUMMY-UC before you go to bed at night and report the time since you went to bed last night until now. However, this is not mandatory and it may be completed at any time during the day on condition that the time during the day remains the same.

3. Please answer honestly. There are no right or wrong answers.

Pediatric Ulcerative Colitis Activity Index (PUCAI)

**PUCAI user guide**

Most items contained in the PUCAI can be scored using the instructions provided within the instrument. The following issues require additional clarification.

**Time period for evaluation**

- Answers should reflect a daily average of the last two days.
- However, if clinical conditions are changing rapidly (e.g. during intense intravenous therapy), the previous 24 hours should be considered.
- For patients undergoing colonoscopy, answers should reflect the two days before bowel cleanout was started.

**Activity level**

- Occasional limitation of activity= could attend school or equivalent, but reduced activity (e.g. attends school but does not play at breaks).
- Severe restricted activity= could not attend school or equivalent activity.

**PUCAI definitions of disease activity, remission, and response to therapy** (all are based on analysis of data generated during development process during 2006)

- **Remission:** total score less than 10 points
- **Mild disease activity:** total score between 10 and 30 points inclusive
- **Moderate disease activity:** total score between 35 and 60 points inclusive
- **Severe disease activity:** total score of 65 points or greater
- **Response** (minimal clinically significant change in score over time): a change in score of at least 20 points.
